The breeder will not be responsible for any veterinary costs at anytime. We cannot guarantee that your puppy will never develop any health problems, just as a pediatrician

cannot guarantee that a child will never develop any health problems in the future. Some things are just not able to be predicted. Our parents are free of diseases, disorders, and health problems; otherwise we would not breed them. That means our puppies are less likely to develop problems. If anything does occur, you are required to inform us so we can evaluate the parents and the other puppies from that litter in an attempt to determine the cause of the ailment and to eliminate the issue from our breeding program.

Breeder does NOT GUARANTEE against COCCIDIA or GIARDIA (typically dormant single celled parasites common in puppies) or for final adult weight, color, breeding ability, show potential or against overbites, under bites, patella issues, hernias, trachea issues or for undescended testicles. Seller agrees to notify buyer if they or the vet discover any of the above problems prior to sale. By initialing, you agree that you have read and understand what BREEDER does and does not guarantee for. X_____ (initial)

The Breeder states that the puppy has received the following vaccinations –a 5-way Vaccine for **Distemper, Parainfluenza, Adenovirus Type 2, Canine Hepatitis and Parvovirus** (at 6-7 weeks old). Your health record will inform you of when a booster is due, your puppy will need 2-3 more puppy vaccines and rabies at 16 weeks old and then yearly boosters. We worm puppies with NEMEX or EVICT at 2, 4 and 6 weeks old and with Safeguard at 7-8 weeks of age. Please see your puppy’s health record for details on the health care your puppy has received while with the breeder.

The Buyer Agrees:

That this puppy will be given adequate and proper shelter and housed securely indoors. This dog shall not be neglected, allowed to roam free, or be mistreated in any manner. The puppy shall receive proper veterinary care throughout its life, receiving annual inoculations and placed on a heartworm preventative. The puppy shall receive proper nutrition and care shall be taken to maintain its proper weight. Buyer agrees to give the dog proper training and socialization. Buyer agrees to never sell or surrender this dog into a dog fighting institution, testing center or shelter.

The Buyer agrees to finish all puppy vaccines before taking their puppy out in public, letting their puppy on public sidewalks and grasses, or letting their puppy be touched by people outside of the family. This reduces the chance of your puppy picking up a communicable disease such as parvo.

The Buyer agrees to return the dog to the Breeder if for any reason the Buyer no longer wants to or is unable to keep the dog. Breeder agrees to either assist Buyer in finding another suitable home where the dog will receive proper care or to accept the dog back at any time with no refund to be given to the Buyer as Breeder would accept responsibility for the dog and will be responsible for the future cost of care including vet care and training. The Buyer will notify the Breeder of any changes of address and will maintain contact with the seller throughout the life of this dog.
